Data Sources

Please note that every effort has been made to use the most current data available. The major sources of information for this document are:

- 2006, 2011, and 2016 Census from Statistics Canada;
- Manifold SuperDemographics data is 2020 from Manifold Data Mining Inc.

The most recent Census was conducted in May 2016. SuperDemographics 2020 is the most up-to-date estimation of population characteristics, based on mathematical models that draw from various data sources.

Manifold Projection Method

Manifold estimates demographic data annually, including population projections for 5 and 10 years in the future. Manifold methodologies are based on the following techniques:

- Enhanced cohort survival methods;
- Nearest neighbourhood and regression techniques; and
- Structural coherence techniques.

1 Introduction

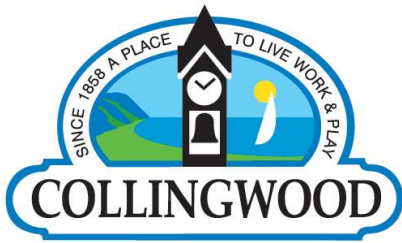

The Town of Collingwood has experienced steady population growth in the past decade. With the largest population of any municipality in the area, Collingwood functions as the major commercial centre for northwest Simcoe County and northeast Grey County, servicing an overall trade area of approximately 75,000 people. In 2016, Collingwood's census population was 24,600. Since then, the population is estimated to have grown by 14.5% to 24,942 permanent residents.

Table 1: Collingwood Statistics Overview

Description	2006	2016	2020*

Unemployment rate	6.6	5.6	5.8

The Town of Collingwood accounts for approximately half of all business activity including retail sales in the region and has a substantial health, manufacturing, financial and knowledge-based employment foundation. Collingwood benefits from the surrounding visitor attractions and has a strong base of accommodation and food businesses.

Town of Collingwood

2021 Community Profile

Collingwood is the location of the Regional Hospital and a wide range of other personal and business services.

The region is seen as one economic corridor, with strong labour mobility within a 20-minute commute.

Collingwood has seen a significant shift towards the tourist-related service industries in the past 30 years and has built up a reputation of being a great home base for visiting both the winter ski resorts to the west and the summer beach attractions to the east. Despite this move to a more service-focused economy, Collingwood's manufacturing base remains relatively healthy, and a source of a significant number of regional jobs.

Today, the Collingwood area is a major tourist destination for the Greater Toronto Area (GTA). The Town's location along the shoreline of Georgian Bay and proximity to the Niagara Escarpment ideally situates the municipality between the winter resort areas to the west and the world's longest freshwater beach to the east.

There are approximately 220 acres of industrial land available within Collingwood. These lands are located either along Mountain Road or in the east end industrial park. Along Poplar Side road, a 125-acre industrial park has received draft approval. Current zoning regulations permit a wide variety of uses within our industrial parks.

Collingwood is a welcoming community with impressive residential growth and quality of life. The community maintains a small town feel while offering big city amenities and providing unparalleled recreational opportunities year-round.

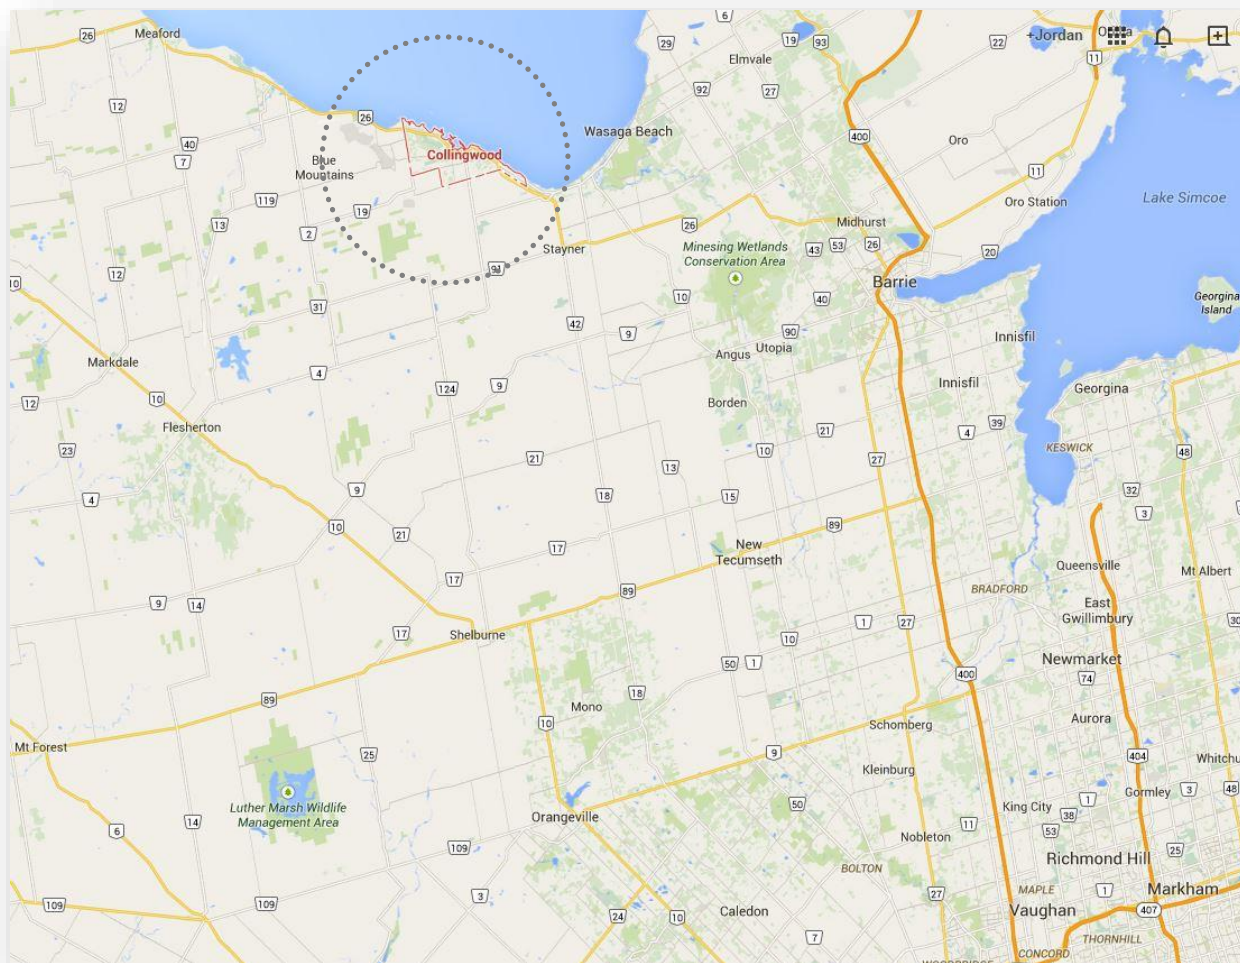

1.1 Location

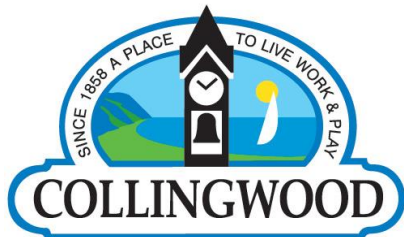

Collingwood is located approximately midway between the Cities of Barrie and Owen Sound on Provincial Highway 26, which provides access to Grey and Bruce Counties in the west, and to Toronto via Highway 400 in the southeast. County Road 124 originates in Collingwood and provides access to the heavily populated Golden Triangle to the south.

At 33.46 square kilometres of land, Collingwood is one of the smaller municipalities in area, but it has the largest population and countless amenities. Collingwood serves as the entertainment, shopping, recreation, and tourist hub. With a full transit system including links to Wasaga Beach and the Town of the Blue Mountains, Collingwood is in the centre of all the action.

¹ Refers to the relationship between a person's usual place of residence on Census Day and his or her usual place of residence one year earlier. A person is classified as a non-mover if no difference exists. Otherwise, a person is classified as a mover and this categorization is called Mobility status (1 year ago). Within the category of movers, a further distinction is made between non-migrants and migrants; this difference is called migration status.

² Non-movers are persons who, on Census Day, were living at the same address as the one at which they resided one year earlier.

³ Movers are persons who, on Census Day, were living at a different address from the one at which they resided one year earlier.

⁴ Non-migrants are movers who, on Census Day, were living at a different address, but in the same census subdivision (CSD) as the one they lived in one year earlier.

⁵ Migrants are movers who, on Census Day, were residing in a different CSD one year earlier (internal migrants) or who were living outside Canada one year earlier (external migrants).

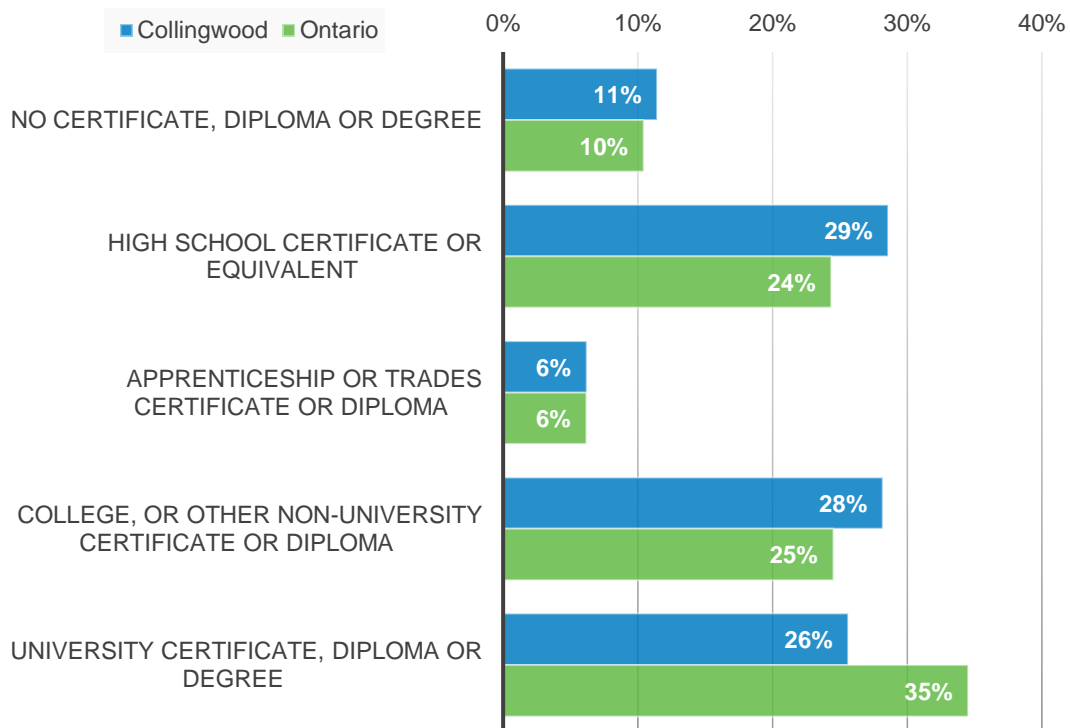

2.5 Level of Education

Figure 5 and Table 8 illustrate the 2020 levels of educational attainment in Collingwood for persons aged 25 to 64. This age range is used as it captures individuals who would have finished postsecondary studies.

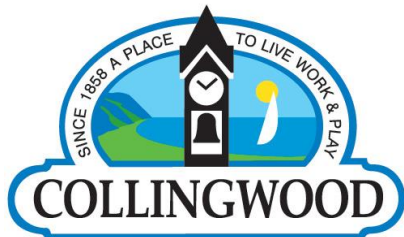

- Over 89% of Collingwood residents have a certificate, diploma, or degree.
- Over 60% of Collingwood residents have a postsecondary education.
- The percentage of persons with a high school diploma or equivalent is higher than in Ontario.

3 Labour Force

3.1 Key Indicators

Collingwood is home to a labour force 12,725 persons strong. As illustrated in Table 11, Collingwood's labour participation rate and employment rate are lower in comparison to Ontario. The unemployment rate is also slightly lower than that of the province.

Table 11: Labour Force Characteristics, 2020⁸

Characteristic	Collingwood	Ontario
Total population, aged 15 years and older	21,534	12,350,146

3.2 Labour Force by Occupation

Figure 9 illustrates the make-up of Collingwood's labour force by occupation at the highest occupational grouping order (1-digit NOCS). The following can be said based on that data:

- The sales and service represent the largest occupational group (28%) in the community.
- The percentage of the labour force in Business, finance and administration occupations (12%) as well as Occupations in education, law and social, community and government services (12%) are also substantial.

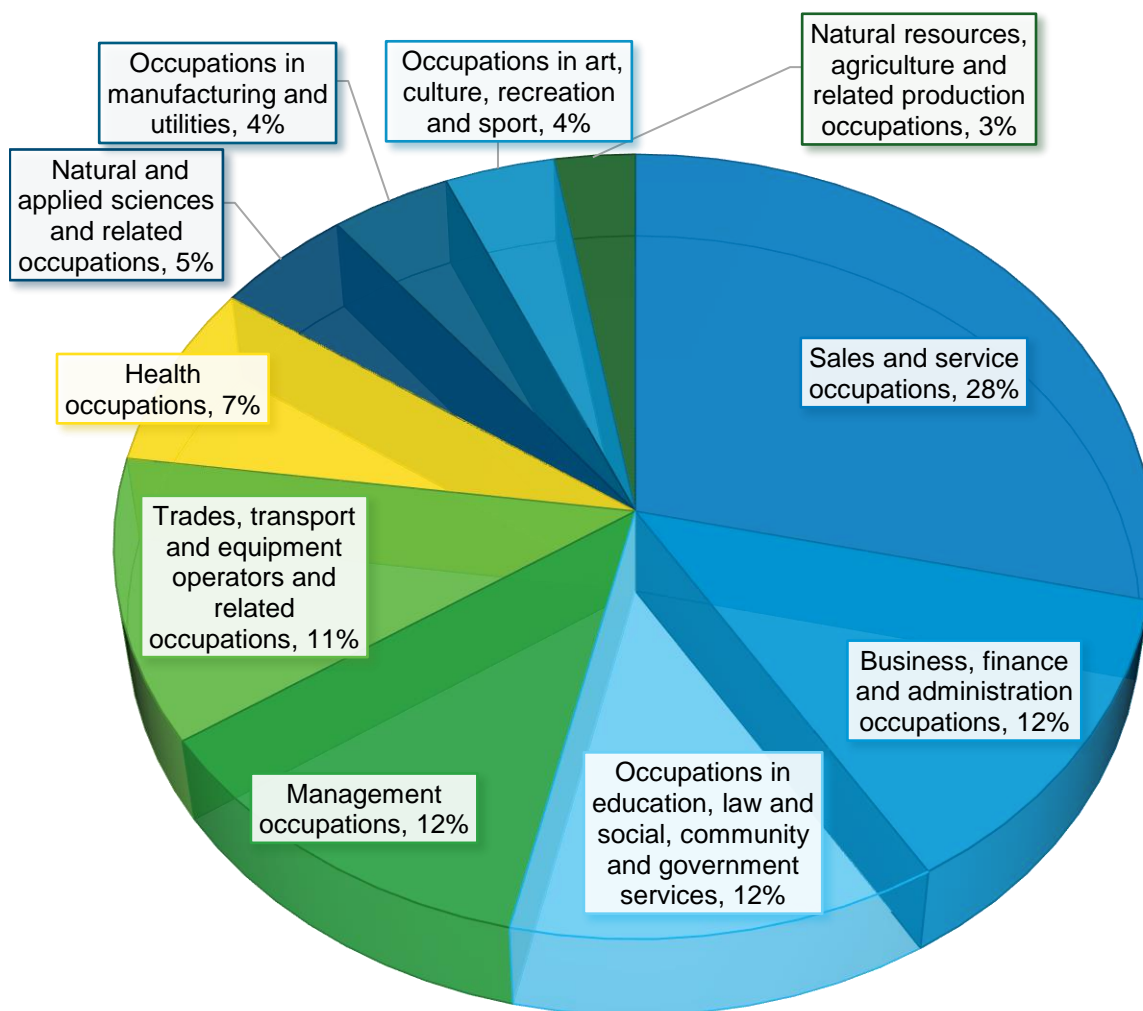

⁸ Participation rate % = labourforce/total population aged 15 and over. Employment rate % = employed/total population aged 15 and over. Unemployment rate % = unemployed/labour force

⁹ Labour force - Refers to persons who were either employed or unemployed. Unemployed - Refers to persons 15 years and over, excluding institutional residents, who, during the week (Sunday to Saturday) prior to Census Day (May 16, 2006), were without paid work or without self-employment work and were available for work and either:

- (a) had actively looked for paid work in the past four weeks;
- (b) were on temporary lay-off and expected to return to their job;
- (c) had definite arrangements to start a new job in four weeks or less.

Participation rate - Refers to the labour force expressed as a percentage of the population 15 years and over excluding institutional residents. Employment rate - Refers to the number of persons employed expressed as a percentage of the total population 15 years and over excluding institutional residents. Unemployment rate - Refers to the unemployed expressed as a percentage of the labour force.

3.3 Labour Force by Industry

The largest employment industry in Collingwood is the Retail trade industry, which accounts for 12% of the labour force locally compared to 11% for Ontario. The percentage of local labour force in the Accommodation and food services industry (12%) and in the Health care and social assistance industry (12%) are also high. All these, plus construction are more concentrated relative to employment levels in Ontario.

3.5 Labour Force Commute

The following two tables illustrate where residents commute for work, and where the working labour force in Collingwood resides.

Table 15 illustrates that approximately 34% of residents with a usual place of work, work outside of Collingwood. These residents primarily commute within Simcoe County and to the City of Toronto.

4.3 Collingwood Public Transit

Colltrans, the Town of Collingwood's public transit system, provides a convenient alternative to driving within Collingwood. There are three regularly scheduled transit routes and the frequency of pickup at the terminal is every thirty minutes. The Colltrans Downtown terminal is located on the corner of Second Street and Pine Street adjacent to the municipal parking lot at 100 Pine Street. Currently, the terminal is located outdoors and has two shelters. The Town of Collingwood offers two transit links to compliment Colltrans service: the Collingwood/Wasaga Beach transit link, and the Collingwood/Blue Mountains transit link.

Bus services operate on all days except statutory holidays. For traveller convenience, all buses have bike racks. Buses are wheelchair accessible and may also be used for motorized scooters, pull behind shopping carts, as well as strollers. The buses are all equipped with a passenger side access ramp which is available for use upon request as well as Q-STRAINT securement.

Notes:

1. All charges will be rounded down to the nearest dollar.
2. Tonnage rate to generally be utilized when possible (use of volume rate at Scale Attendant's discretion e.g. loads estimated less than \$5 in value).
3. Volume assessment is based on Site Attendant's measurement of load (m³ means cubic metres).
4. Only waste generated in the County of Simcoe is acceptable at County Waste Facilities. Proof of County residency is therefore required for use of facilities.
5. (*) in material descriptions denotes a material requiring preapproval by Site supervisor.
6. Forced Charge for theft of service applies when customer refuses payment or leaves the facility without returning for payment by the end of the business day.

Table 30: Commercial Electricity Rates- 2021

Billing Rates		Effective January 1, 2021
Tiered Prices		
Tier 1	10.1¢/kWh – for the first 750 kWh consumed per month	
Tier 2	11.8¢/kWh – for electricity used above 750 kWh per month	
Non Regulated Price Plan (RPP) customers		
As of January 1, 2021, a portion of renewable energy contract costs will be funded by the Ontario government instead of non RPP customers. This will lower electricity bills for customers who do not participate in the Regulated Price Plan or receive the Ontario Electricity Rebate by reducing Global Adjustment (GA) costs.		
Non-RPP Class A and Class B customers could see savings of about 16 per cent on their bills in relation to the GA costs, before the recovery of the deferred GA amount. Actual savings will vary depending on customers' location and electricity consumption.

7 Business Support Programs and Services

7.1 The Business Development Centre

The Business Development Centre (BDC) is a collaborative project between the Town of Collingwood, the Downtown Collingwood Business Improvement Area (BIA), the provincially supported Small Business Enterprise Centre (SBEC), and the federally supported Community Futures South Georgian Bay (CFSGB). The BDC also works with several other local and regional partners, including:

- Georgian College
- Georgian Triangle Tourism Association
- Blue Mountain Village Association
- Blue Mountain Resort
- Simcoe County
- Town of Meaford, Wasaga and Thornbury, as well as Clearview Township
- RTO7
- The Collingwood Chamber of Commerce

The Business Development Centre is dedicated to the economic growth of the South Georgian Bay area. Two key platforms will achieve this: helping businesses start-up and grow and increasing the profile of the region as a world class tourist destination.

The BDC encourages a collaborative approach across economic development organizations in the region to help start-ups, small, and large companies grow. This will be accomplished by building strategic alliances, providing management assistance, mentorship & educational programs, funding assistance, networking and other resources for business owners and entrepreneurs.

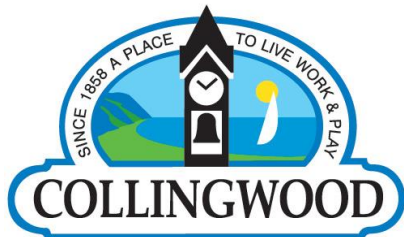

Tourism Marketing

Working with partners in Collingwood, the County, and the broader region, the BDC, along with its partners, help to increase the attractiveness of the area as a 4-season destination. This will be achieved by collaborating with regional partners to organize cornerstone and specialty events, promoting the seasonal attractions through coordinated marketing campaigns, and measuring the impact on tourism traffic and spending.

The BDC Partners:

Town of Collingwood Economic Development

- Strategic planning to promote the Town, the area, and its attractions
- Tourism enhancement & business development
- Community branding & image management
- Economic Development Strategy development and action planning
- Stakeholder engagement

Town of Collingwood

2021 Community Profile

- Work closely with the Mayor, Council, CAO, senior staff, and Parks, Recreation and Culture department on joint initiatives

Community Futures South Georgian Bay

Community Futures South Georgian Bay is a not-for-profit Community Futures Development Corporation:

- Governed by a community-based volunteer Board of Directors
- Serving the areas and municipalities of South Georgian Bay and Dufferin County
- Helping to develop and diversify the local economy through investment in Small Business, Business Services and Support for Community Economic Development
- Offering a full range of business services for new and existing businesses including:
 - Business Loans up to \$300,000
 - Business Coaching
 - Business Mentoring
 - Workshops and Training

The South Georgian Bay Small Business Enterprise Centre

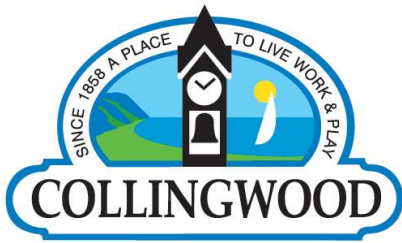

- Free consultations with a team of business consultants
- In 2020/21, SBEC delivered 884 one-on-one consultations, helping launch 99 businesses and handling approximately 700 business inquiries
- Acts as a resource centre for entrepreneurs and organizes informative workshops and seminars specifically designed to meet the needs of small businesses
- Provides information on business permits, licenses, registration, regulations and other forms and documents required to start and run a business
- Review of business plans
- Mentorship programs
- Assistance with Digital Main Street and Digital Service Squad support programs
- Copyright, patent and trademark information
- Summer Company & Starter Company Plus grant programs
- Started in 2008, 106 Summer Company businesses have launched through this program

The Downtown Collingwood Business Improvement Area

- Collingwood Downtown is a Municipal Local Board established for the main purpose of revitalizing the central business district of the Town of Collingwood and was designated as a Business Improvement Area (BIA) through the Ontario Municipal Act and a town of Collingwood bylaw originally enacted in 1977.
- In 2004, an expansion process was undertaken and increased the original area of the BIA to mirror the core area that is designated provincially as a Heritage District. A further expansion was completed in 2016, which increased the BIA area to include the new waterfront commercial development.

- The Downtown is also nationally recognized a “Historic Place”, the first heritage district to ever be given that designation.
- Collingwood Downtown is governed by a volunteer Board of Management consisting of nine members. Eight members are elected from the Downtown business community and property owners, and one is a council representative. The election is conducted during the municipal election year, and the results are then forwarded to Council for appointment
- The Collingwood BIA is comprised of more than 400 business members, plus 175 property owners, employing approximately 2,200 full and part-time staff. The 2021 BIA commercial assessment is \$129,278,533.
- The BIA has invested millions of dollars in the core area through the special yearly levy as well as additional monies raised through sponsorships, grants, and special activities fees.
- Staging and promotion of a program of special events and tourism drivers, such as the seasonal Farmers’ Market, Art on the Street, Local Live Lunch and annual Christmas Season Launch and Santa Claus Parade
- Marketing the district and the community through print, television, radio and digital platforms
- Keeping the district clean and maintained beyond the municipality’s standard level of service, as well as providing a seasonal décor program

7.2 The Chamber of Commerce

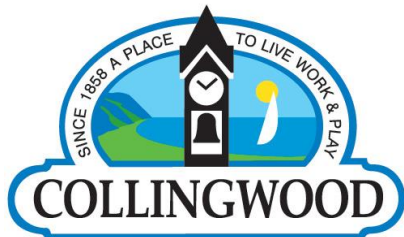

The Collingwood Chamber of Commerce serves Collingwood's business community with the invaluable input of their Board of Directors, volunteers, members, and other stakeholders. The Chamber has become the voice of Collingwood's business community, and one of the largest and most active Chambers of Commerce in the region. Over 500 members strong, the Collingwood Chamber constantly evaluates and formulates policy and positions on a vast array of business issues based on member needs.

The Chamber also provides a broad spectrum of benefits for small businesses and medium to large sized corporations alike. Whether it be preparing strategic submissions to the Federal, Provincial or Municipal government on issues such as changes to Health Care, discussions with officials concerning Business Tax, or providing input on local issues such as tourism, the Collingwood Chamber of Commerce is a strong voice of advocacy on issues concerning business.

Mission Statement: Dedicated to the promotion and advocacy of Collingwood and area business interests, by representing the needs and views of our members and providing services and programs that will enhance and further advance the economic health and vitality of the local business community.

The types of customers the Chamber services include:

- The general local public who live here and need contact information about other businesses or the Town
- Tourists looking to visit the area
- People who are relocating to the area and need information
- Businesses that want to start up business and are looking for a location, or to network, or about financial help
- Businesses that currently operate in and around our area

Seeing a Family Doctor from the Comfort of Your Own Home

Phone: 647- 556-2435

The new EDoctorcare located in Collingwood offers a simple concept. Seeing a family doctor from the comfort of your home. They believe it is the future of healthcare and are proud to be a part of it. Providing only fully licensed and vetted doctors, open after hours as well, and an innovative online booking system means patients can book online and usually see a doctor the same day. At present, they are seeing patients virtually only right now - i.e., by phone or video. Patients can choose their preferred means of contact. They do have a long-term plan to make themselves physically available as well, but a lot will be determined by how the pandemic and resulting safety protocols.

Rural Ontario Medical Program

459 Hume St.
Collingwood, ON
L9Y 1W9
Phone: 1-877-445-7667

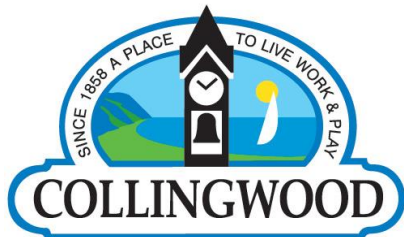

The Rural Ontario Medical Program seeks to create partnerships between rural healthcare services and educational medical programs, to enhance local medical services, and to establish long-term placements for physicians in rural areas. The program creates learning opportunities outside the academic centres in small communities and promotes mentorship and learning in a rural setting.

8.5 Parks & Recreation

The Parks, Recreation and Culture Department (PRC) mandate is to promote and facilitate healthy and active lifestyles in Collingwood. We do this by taking a leadership role through programming, facility development and creative partnerships with public and private sector groups who share our passion for a dynamic, inclusive, innovative and fun community.

To achieve this vision, we generate two programs that we identify as Active Living across the Life Span and Community Inclusion through Culture, Art, and Social Connection.

The first Program is designed to provide a supportive environment and engagement that centers on a Physically Active Community. In doing this we realize such benefits as:

- Increased physical health and wellness for our residents of all ages
- Increased life expectancy
- Reduced utilization of Health Care
- Improved mental health
- Improved social health
- Reduction of unhealthy stress

The second Program is designed to provide a supportive environment and engagement that centers on our stakeholders experiencing Connection, Inclusion, & Belonging. In achieving this outcome, we realize such benefits as:

- An enriched community where a safe and inclusive space exists for all forms of expression
- The promotion of dialogue and discourse that broadens interpersonal experiences and learning
- A sense of place and identity that gives comfort, security, and satisfaction to residents
- Enhanced social capital for building a cohesive community that sees itself as broadly supportive in addressing at-risk populations
- Improved mental wellness

The PRC department:

- Issues special event permits
- Provides access to local history at the Collingwood Museum
- Manages the Simcoe Street Theatre
- Promotes arts & culture activities and provides access to public art
- Offers public swimming, as well as learn-to-swim and group fitness programs
- Provides learn-to-sail programs
- Manages venue rentals of parks, facilities, and the Shipyards Amphitheatre
- Provides recreation skating and hockey opportunities both indoor and outdoor
- Maintains more than 60+km of public trails and 29 public parks as well as multiple fields and facilities accommodating soccer, rugby, baseball, tennis, pickleball, curling, and more.
- Accommodates and supports all users of Collingwood's waterfront and harbour
- Administers the Community Recreation & Culture Grant Program

The PRC Department is made up of four divisions:

- Recreation Services
- Recreation Facilities
- Parks, Trails & Harbour
- Culture & Events
